Ontario Mutual Life Co.

R. W. FORBES, of this city, insured with me for \$2,000 in 1880 on a 10

year Endowment, which has just been paid to him, and was satisfactory

to him. I have taken out another policy, on a similar plan.

What a grand thing it would be if every one of our people would face themselves

to lay a portion of their earnings in this way.

First Dragons this afternoon tele-
graphed that there is absolutely no
ground for the story. The story, how-

REFORM IN TAXATION.

A paper called Amendment proposed to the Rating in Cities and Towns.

A petition is now being widely circulated throughout the Province, signed by the Rating Association, for the purpose of effecting a reform in the taxation of cities and towns.

The reason the advocates of this reform give for the necessity of such a change is that the present method of assessing the value of property is so defective that it is impossible to make a fair and equitable assessment.

Daily Intelligence.

WELL DONE.

At the time the estimates were submitted in July last the INTELLIGENCER ventured to predict that the close of the year would show that the municipal expenditures had been kept within the receipts.

Every taxpayer in the city will be glad to hear that the prediction has been fulfilled. The estimates were submitted in July last, and the year has closed. The municipal expenditures have been kept within the receipts.

The new Council are to be congratulated upon being able to start without a deficit, the legacy so often left by dying municipal governments. Mayor Whitney's address contains the suggestion that with prudence on the part of the new Council the deficit of 1895 may be reduced by half a mill. The new Council will do well if they can accomplish this.

FARMING UNDER FREE TRADE.
From letting a current topic in Berwickshire, and a well-informed correspondent sends some interesting particulars relative to the farming of the county of Berwickshire, which have lately found a tenant.

It is a year ago that the county of Berwickshire was let to a tenant. The tenant is a Scotchman, and the farm is a Scotch one. The tenant is a Scotchman, and the farm is a Scotch one.

The farms above named lie on the Scotch side of the border—Lamberton, indeed, being the first farm in Scotland, adjoining the famous toll house that guards the entrance to the Scotch side of the border.

CHRONIC HEADACHE.

The change in my Mother's condition marvellous.

Scott's Emulsion is a Balm.

MONTREAL, August 20th, 1895. GENTLEMAN:—There is such a change in my Mother's condition that I cannot refrain from writing you. She has been suffering for years past with chronic headache, accompanied with disordered stomach. She was weak and irritable, and she thought she was going into a decline. For three weeks she has been taking a course of Scott's Emulsion, which was recommended to her by Dr. McLaughlin, and she has gained five pounds in weight, in twelve days. She is a different woman, and I feel that you, in God's hands, have been the means of restoring her to health. I shall always recommend Scott's Emulsion to suffering people from head or digestive troubles. Thank you again, I beg.

Yours faithfully,
Scott's Emulsion is a Balm.

THE CHANGE IN MY MOTHER'S CONDITION MARVELLOUS. Scott's Emulsion is a Balm.

With Two Kinds of Fire!

You insure against one kind, don't risk that by another kind-like new-fangled insurance schemes. They may be all right, but you don't know it very much. The Haverhill, London & Globe Insurance Company, is a good old-fashioned place for secure insurance. We have had kind and the best of the best.

The diseases of thinness are scrofula in children, consumption in grown people, poverty of blood in leanness. Fat is the best means of overcoming them. ANOTHER TURN-ABOUT.

The Liberals have once more changed their policy on the Manitoba school question. Lieutenant Tarte now asks for a committee composed of members from both sides of the House, to investigate and report in a month or so, with legislation in session. Leader Laurier has yielded, throwing overboard his "policy of sunshine" commission, with legislation in the distant future, and Tarte has become the leader of the party on this question by defeating the titular leader, by which they will be found supporting the Government's policy.

Mr. Tarte's proposition seems, at a first glance, an eminently fair one; but a more careful consideration shows that it is very cunningly devised for catching votes from amongst those who are inclined to hesitate, and to avoid the straight issue which is presented in the policy of the Government. It asks the Government to abdicate their constitutional functions and transfer them to a committee of Parliament, on the pretence of hearing the parties to the case. As the evidence has been heard during five years of litigation, before the courts of Manitoba, reviewed and passed upon by the Supreme Court of Canada (twice) and the law lords of the Imperial Privy Council (twice), after exhaustive arguments by counsel, and as evidence was taken and counsel before the Privy Council of Canada, what could be gained by referring the matter to a committee of Parliament in which, as a matter of course, the dominant party would have a majority? Mr. Tarte's attempt to draw a hearing across the track is too easily discerned to prove successful. He and his friends will not be allowed to shrink the issue.

A SERIOUS MISAPPROHENSION.

Dr. Chauncy M. Dewar delivered an address before the New York State Bar Association at Albany on the 21st inst., on the subject of "Patrimony and Jingoism." In the course of his address, Mr. Dewar said:

"North of us lies Canada, with its vast territories—larger in area than the United States—but with a sparse population of some five millions of people. It needs no war. It wants no hostilities and no discommodities, with its open frontiers, its vast resources for commercial union. Political will follow wherever we are ready to extend the invitation. So there is no danger from Canada."

The above extract shows the deplorable ignorance which exists amongst our neighbors as to the people of Canada, their political opinions and their aims and objects. Were Dr. Dewar such an authority as the editor of the Oswego Palladium—person who, either through malice or ignorance, caters to the Anglophile mob by gross misrepresentations and insane charges leveled against Great Britain and her citizens resident on this continent, his utterances would be far from a second thought. But here we have the foremost after-dinner orator in the United States—a gentleman of ripe culture and vast experience, one of the first men, indeed, of a great nation, giving utterance to statements which are not only absolutely untrue, but cast a vile aspersion upon a friendly people who have within five years unanimously rejected the strategy of those who tried to repel the invasion of the United States when they invaded our territory; who have, on more occasions than memory can recall, demonstrated their loyalty to the mother country; and who are today taking such precautions as are necessary to defend their country should war become necessary, through their own action with Great Britain, as the force most men in her world-wide empire.

Such statements as those made by Dr. Dewar are as inaccurate as they are irresponsible. If he believes what he said, let him visit our provinces or send a trustworthy agent across the border to sound public opinion in Canada, and he will be convinced that he will be gentlemanly enough to withdraw his misstatements and give credit for patriotism to a people who are as patriotic as those of any other country on earth.

There is but one source from which Dr. Dewar could have derived his false impression as to public opinion in the Dominion, and that is the policy and utterances of the leading members of the Liberal party and the press which supports them.

EASILY PLEADED.

The Mail and Empire remarks: "Mr. Laurier, in his haste to declare 'Jimmie' on the charge that he had been disqualifying for corruption, declared that the disqualification had been removed. One would think from the leader's assertion that Mr. Meinhart had been found innocent. Such, however, is not the case. The facts are these: 'Jimmie' was disqualified. He appealed against the disqualification, on the ground that he had been judged by one judge instead of by a court of three judges. The Court of Appeal

permitted the judgment to stand while the judicial point was argued. Mr. Meinhart, however, asked for a reconsideration, and the matter dropped. It is in an appeal for Mr. Meinhart's satisfaction to Mr. Laurier, the leader must be ready to please.
